

To Residents/Businesses

## **Update on Sewer Construction on Addis, Brigham and Rossmore**

Starting the week of September 3, 2019, Darco Enterprises Ltd. will commence installation of a wastewater sewer on Addis Avenue. The project schedule was extended to allow residents to enjoy their summer without construction. Wastewater sewers will be installed on Brigham Street and Rossmore Avenue following completion of the sewer on Addis. Construction on Addis and Brigham is anticipated to be continue until late fall. Construction on Rossmore will extend into winter months with completion in March 2020.

This project includes installation of sewer mains and sewer services to the front property line of properties fronting the street. Corner lots may be serviced off the side of the lot where it is beneficial to do so. A representative of Stantec Consulting will be in contact with you to help determine the most suitable location for your sewer service. Final ditch and road restorations will be completed in 2020.

For your safety and to provide adequate working space for the contractor, no parking will be allowed on the road for the duration of construction. During construction, recycling and garbage collection will not be affected and one lane of traffic will be maintained for the duration of construction. ***To keep your children and pets safe, please keep them away from the construction site at all times.***

If you have any questions or concerns regarding construction, please contact Brett Ransom, of Stantec Consulting Ltd., at 489-5900 during regular business hours or by email at [brett.ransom@stantec.com](mailto:brett.ransom@stantec.com). The contractor's project contact is shown below.

- Darco Enterprises, Jonathan Peters, General Manager (204-233-9760)
- Darco Enterprises, 24-hour emergency (793-4000)

We understand that this project may cause you some inconvenience. We appreciate your patience. More information on this project is on the R.M. of West St. Paul website at [www.weststpaul.com/](http://www.weststpaul.com/)

# ROSSMORE & ADDIS WASTEWATER SEWER PROJECT

## PROPOSED SEWER SERVICING PLAN
