

# The RM of West St. Paul Trails Legacy Program

Connecting People & Prairie

## The Trail

The West St. Paul Trails Committee has been working since 2002 to develop a trail system in West St. Paul. The first trail section was completed in 2005 from our Municipal Office northward to the West St. Paul School. By the fall of 2020 we have completed approximately 17 kilometres of trails.

In honour of the RM of West St. Paul celebrating our 100-year centennial (1916-2016), the Trails Legacy Committee in partnership with the West St. Paul Municipal Council have formed the Trails Legacy Program. Together, we have made it possible for you to sponsor a part of our community.

## Dedication Program

There are two ways to make a dedication to the program. 1) You can donate a bench and place it along the 17 kilometres of trail or 2) donate a bench or picnic table and place it in any of the parks located in West St. Paul.

An engraved plaque will be attached to the bench or picnic table. Each plaque is 3" w x 12" l and can hold a message made up of up to 3 lines. A West St. Paul Centennial logo will be placed on the lower right of the plaque. (See Signature page for actual logo)

What a wonderful way to honour someone special or send a message to our community from your family!

ie: "Enjoy your day on the trail!"
